All [Oakland School](#) [Volunteers](#) (OSV) are required to complete clearance based on the type of service they'd like to do. This is required by the state of California's Ed Code, the Oakland Unified School District, and the Oakland Public Education Fund. This chart is intended to help ensure transparency and ease around the process.

How to read this chart:

1. Identify whether you are a community member volunteer (green), or a parent/guardian volunteer (blue).
2. Select which type of volunteer you want to become among the choices for your group from step #1. Definitions available on pg 2.
3. Look down the corresponding column to see which rows are filled in with check-marks.
4. The rows where there are check-marks indicate a required step. The "Instructions" column provides additional details and links.

Once you [register online](#), all steps are explained and outlined to you via osv@oaklandfund.org. You will receive automatic reminders, confirmations, and next steps via that same email address - **please ensure that our messages do not go into spam by mistake.**
